

# PARTNERSHIP PROPOSAL

A PROPOSAL BY  
QENA STUDENTS CLUB

# About Us

Let us introduce our club. We are the Qena Student Club (QSC), a group of grade 10 students at Qena STEM School. Our club presents studying Materials for Grade 10. We don't upload materials and pdfs for STEMers only we also specialize in all the subjects including STEM subjects and non-STEM subjects. However, what makes us unique? The special thing is we own a website! Yes, you read that correctly; we have a website that contains all of the materials, as well as past exams and videos explaining L.Os, and our materials are revised by our excellent teachers before they are sent to anyone.

# **Why did you make the choice on us to be your partner?**

- We provide studying materials for STEMers and non-STEMers in Grade 10
- On social media, we have more than 1,000 followers from different STEM Schools all over Egypt.
- Pdfs and studying materials aren't uploaded on drive like any other team, they are uploaded on our website.
- Our partners, team members, and studying materials are all available on our website.
- We provide past exams and videos explaining each L.Os
- Our materials are revised by our excellent teachers before they are sent to anyone.

# MEET *the* TEAM

**Mohaned Naeem**  
Founder

**Yousef Said**  
Founder

**Yousef Mohamed**  
Co-Founder

**Yaseen Ahmed**  
Co-Founder
